

## Frequently asked questions around new accelerated leadership provision

### **1. New provision**

#### **a. What can you tell us about the new provision?**

We are at the very early stages of developing new accelerated leadership provision. We will be undertaking this process in consultation with a wide range of key stakeholders. We want to develop provision that is exciting and challenging and that meets the current and future needs of school leaders. The shape and structure of the new provision will reflect the latest research and knowledge about accelerated leadership development and the needs of schools and leaders.

NCSL will submit its advice to the Department for Children, Schools and Families (DCSF) in autumn 2008. Further information will be made available once a response has been received. Please check the NCSL website later in the year for information and updates.

### **2. Fast Track teachers**

#### **a. Will current Fast Track teachers be able to transfer to the new programme?**

At the moment we have not yet designed the new provision. This is something we are now working on and we will be talking with Fast Track teachers as soon as we have clear information to share. Our aim is to let all Fast Track teachers know about opportunities for them post 2009 by spring 2009 at the latest.
